Simple, Elegant Coffered Ceilings

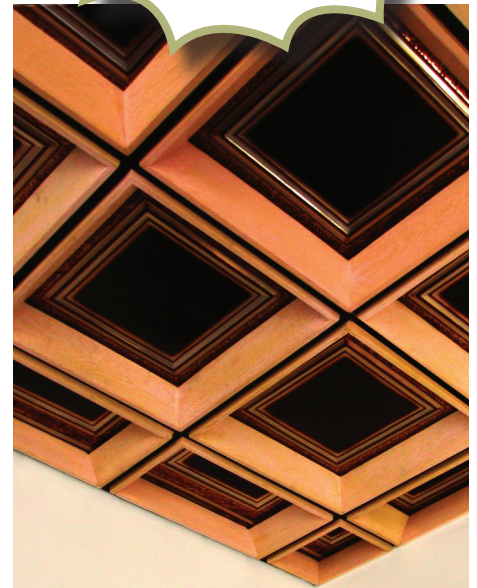

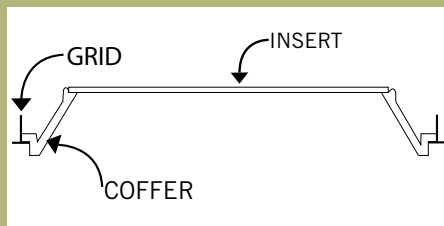

The stately elegance of coffered ceilings is now easy to duplicate using any standard grid system. M-Boss Inc. coffered ceilings are lightweight and customizable using three types of inserts: pressed metal, resin, or opaque acrylic.

- Will not crack, split or rot
- Cuts like wood
- Can be painted or stained
- Provides additional acoustical sound absorption
- Can be customized with pressed metal inserts in a selection of over 200 patterns and 100 finishes

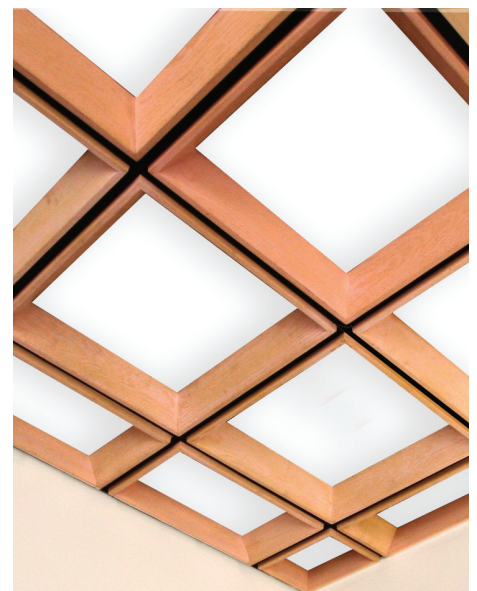

Perfect for any home, office or business.

Complete the elegant look with matching or contrasting M-Boss Inc. Grid Sleeves.

Easy to install. Simply slip the coffer into an existing drop ceiling grid.
