Take your ceilings from boring to  
**BRILLIANT**

ceilings • backsplashes • door insets • moldings • wainscoting • fireplace accents • medallions

START WITH A  
**ROOM PLAN**

Use the grid to graph out your space, including all irregular areas. Be sure to notate each dimension.

**Backsplash Panels**

Length of space \_\_\_\_\_ feet

Width of space \_\_\_\_\_ feet

Multiply **L** x **W** to get

Square Footage \_\_\_\_\_

Divide **SF** by 3 to get the number of panels needed \_\_\_\_\_

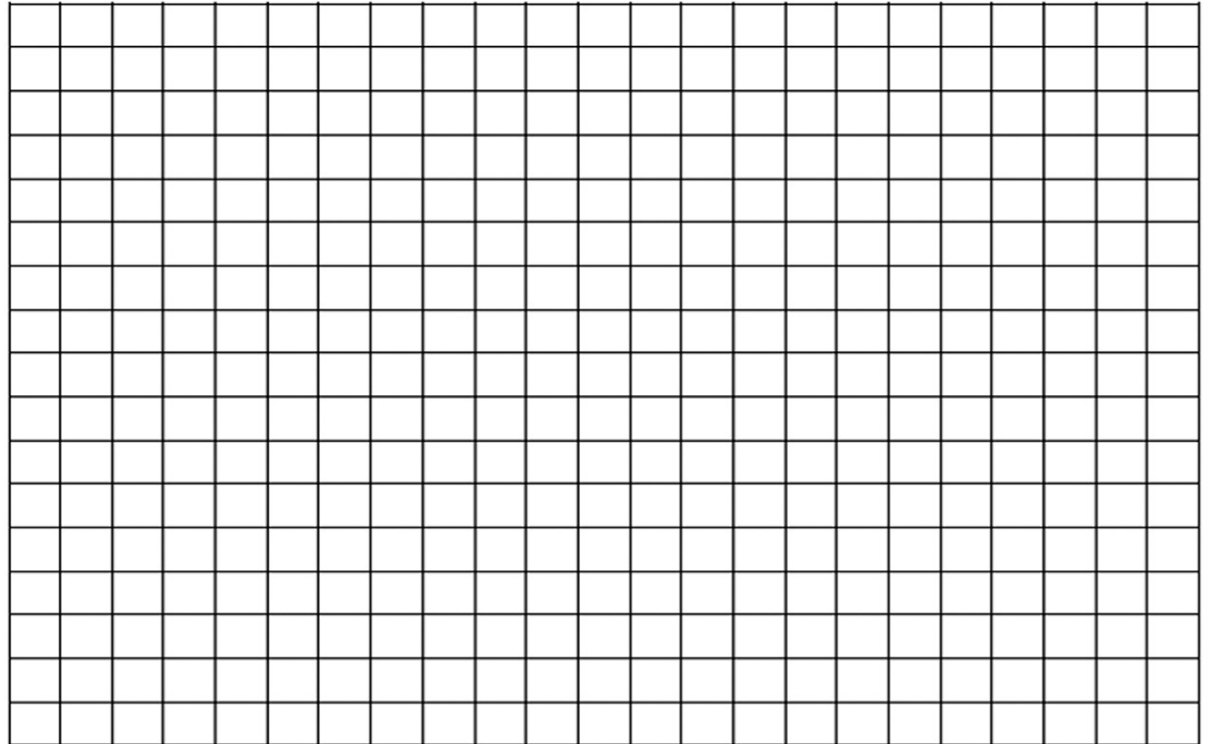

(this number is approximate and does not include for pattern alignment or waste)

**Molding**

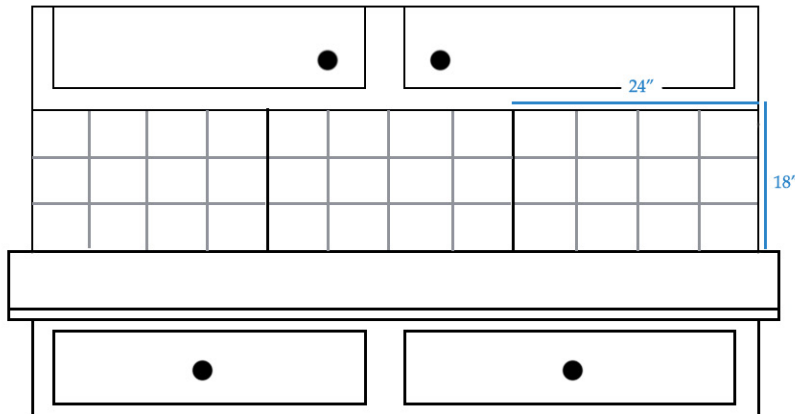

Perimeter \_\_\_\_\_ feet

(add all perimeter dimensions)

Divide **P** by 4 to get the approximate number of pieces needed \_\_\_\_\_
